Kindness Really Matters Now

KINDNESS REALLY MATTERS NOW. Kindness is a value as old as human history itself. There are references to **Kindness** from our earliest days. Yes, **Kindness Always Matters**, but **Kindness Really Matters Now**.

With so many people are suffering from disease, financial hardship, and the lack of food, shelter, and other necessities, the **Kindness** of others is the last hope for more and more people. **Kindness Really Matters Now**. We must all do even more **Kindness** now.

Hate and disagreement only divide us. **Kindness Can Unite Us**. It is not enough for people to be **AGAINST** something. We must all be **FOR** something, for the **SAME** thing. We must find a value, an idea, that will **Bind Us Together**. We must **Unite Around Kindness**.
